We can now offer QUALITY VoIP termination for your SIP phone or Asterisk server with no set up costs, no monthly fees and rates starting at 0.9 UK pence per minute to UK, USA, Canada, Australia and most of Europe. Call or email for full details!

You may have a call shop or want to start your own business reselling voice minutes. Perhaps your company is an SME looking for VoIP for hundreds of customers or maybe you have installed Asterisk soft PBX and want to test at home or in your office with VoIP. The next step is VoIP termination or the ability to connect your server to the traditional telephone network. A1isp can help you do this.

We can provide you with a geographic number of your choice (you can choose any UK region including London) or even a revenue share number such as an 0845, 0870/1 or premium rate number which will terminate on your VoIP switch. You may not wish to receive calls just make cheap calls internationally, to mobile phones or just lots of UK based calls. We have a plan to work for you!

Call A1isp today and let us discuss with you your requirement. We have a number of plans and packages we can tailor make and provide you with. These will help you get where you want to be. Paying £300.00 per month in phone calls to BT? Why not reduce that by £200.00!

Host your server at home and use our VoIP service. Require dozens or hundreds of lines? Host your server with us in our data centers! We have the experience and capabilities to do this for you and provide a professional grade service.
